HTML Pages converted to PDF Document

This document contains component information from the manufacturer's website which is not available in a revision controlled document from the manufacturer. To facilitate the addition of these parts into the Electronics Database, we are converting the HTML pages related to that part, from the manufacturer's website into Adobe PDF format. The contents of this document are based on the information provided on the manufacturer's website, therefore the information may have been changed by the manufacturer since this was created.
